

La Tzoumaz by Road

157km / 99mi, 1h45 in light traffic

- From Geneva Airport, take the A1 motorway towards Lausanne
- Near Lausanne, follow the A9 motorway towards Sion/Simplon

- Take exit 24 "Riddes" and turn right (before the lights) to Riddes
- At the end turn left and then take the first right to La Tzoumaz
- Follow the road for 13km / 8mi up the mountain to La Tzoumaz

Unless you are arriving between 16h and 19h on a Saturday, please contact us when you leave the motorway in Riddes by SMS, phone call or email. This way we can make our way to the office to meet you for the key handover when you arrive.

- Keep going until you pass the Auberge LA TZOUMAZ on your left
- Turn left down the Rue Centrale in front of the Restaurant LE CENTRAL towards "CENTRE"
- After 400m you will pass HOTEL LES FOUGERES on the right
- The 4vallees4saisons office is just after the hotel, and to help you find us, there is a tall white "Interhome" flag outside

Please ensure your vehicle is equipped for winter as the roads are often snowy, despite the fact that the snow-plough regularly clears the snow from the road up the mountain and from the resort roads. Cars hired in Switzerland or Germany will be fitted with winter tyres, but taking the optional snow chains will give you the least chance of getting stuck or sliding into an accident. Cars brought over from the UK or hired in Paris or Milan are unlikely to be fitted with winter tyres and so snow chains are essential.
